THE INSTITUTE & COURSE OVERVIEW

As Medical School from 1910 and Medical College from 1944, S.C.B. Medical College, Cuttack has undergone various transformations and progressed well to cater the needs of Odisha and adjacent states as a tertiary medical care institution.

Mental Health Institute (M.H.I.), S.C.B. Medical College and Hospital, Cuttack, earlier managed by Red Cross Society since 1961, was brought under the control of State Government from 01.04.1966. M.H.I. under the administrative control of Director Health Services, Odisha, and Department of Psychiatry which functions in M.H.I. under the administrative control of Director Medical Education and Training, Odisha led to functional inconvenience because of dual administration. Government after careful consideration have been pleased to decide to bring M.H.I. under the administrative control of Director, Medical Education And Training, Odisha (No. DC & MA (MH)-16/2012/34082/H. Dated 28.12.2012).

M.H.I., S.C.B. M.C.H, Cuttack has been upgraded to Centre of Excellence in Mental Health during 2010 under the National Mental Health Programme - Man power Development Scheme. Three new departments like Department of Clinical Psychology, Psychiatric Social Work and Psychiatric Nursing have been opened in addition to the existing department of Psychiatry in M.H.I. to create man-power in Mental Health. M.H.I. S.C.B. M.C.H, Cuttack, is the premier institute for the care of mentally ill over last five decades.

AIM & OBJECTIVES OF M. PHIL CLINICAL PSYCHOLOGY COURSE

Aim

The aim of this course is to prepare the trainee to function as a qualified professional Clinical Psychologist in the areas of mental and physical health by offering Diagnostic, Therapeutic, Rehabilitative, Administrative services, and to work towards promoting the well-being and quality-of-life of individuals.

Objectives

The course is developed as a rigorous two-year program with extensive theoretical inputs and widespread clinical experience to acquire the necessary skills in the area of Clinical Psychology. On completion of the course, the trainee is expected to perform the following functions:

- a) Diagnose mental health problems.
 - b) Conceptualize specific adult and child mental health problems within a psychological framework, giving due consideration to psychosocial/ contextual factors, and carryout relevant treatment/management.
 - c) Apply psychological principles and techniques in rehabilitating persons with mental health problems and disabilities.
 - d) Work with the psychosocial dimensions of physical diseases, formulate and undertake focused/targeted psychosocial interventions.
 - e) Work with community to promote health, quality-of-life and psychological well-being.
 - f) Undertake research in the areas of clinical psychology such as, mental health/illness, physical health/diseases and relevant societal issues viz. misconception, stigma, discrimination, social tension, gender construction, life style etc.
 - g) Undertake responsibilities connected with teaching and training in core and allied areas of Clinical Psychology.
 - h) Undertake administrative and supervisory/decision-making responsibilities in mental health area.
 - i) Provide expert testimony in the court of law assuming different roles.
-
